Electronics and Communication Engineering

1. N. P. G. Bhavani, B. Deepalakshmi, K. Sujatha & C. Tamilselvi , “ Smart Monitoring and Quality Control in Leather Processing Industry” Cognitive Science and Technology book series (CSAT),Jan 01, 2023
2. S. Vairaprakash¹ and S. Rajagopal published book chapter titled" Brain–Computer Interface-Based Real-Time Movement of Upper Limb Prostheses Topic: Improving the Quality of the Elderly with Brain-Computer Interface" in the book “Brain Computer Interface” Page no:179-204,ISBN: 978-1-119-85720,Publisher:Scrivener-Wiley
3. Kannan B, AzhaguJaisudhan Pazhani A, Gunasekaran P and Rameshbabu A, “Smart Sensor System”, SPAIoT-2021 (Self-Powered AIoT Systems, Taylor & Francis Publication) – Online.
4. Rameshbabu A, AzhaguJaisudhan Pazhani A, Gunasekaran P and Kannan B, “ Design of Portable Health Care Monitoring System Using Iot” SPAIoT-2021 (Self-Powered AIoT Systems, Taylor & Francis Publication) – Online.
5. Gunasekaran P, AzhaguJaisudhanPazhani A, Rameshbabu A,Kannan B, “Role of wavelength Division Multiplexing in Optical Communication”, MOOCN, Scrivener Publishing –
6. Vijayakumar S, AzhaguJaisudhan Pazhani, “Energy Harvesting Forms In Self-Powered Sensors And Energy Harvesting Solutions for Iot Devices” SPAIoT-2021 (Self-Powered AIoT Systems, Taylor & Francis Publication) – Online.
7. Sivakumar G, AzhaguJaisudhan Pazhani and Marichamy P “Trends in Distributed Computing” SPAIoT-2021 (Self-Powered AIoT Systems,Taylor & Francis Publication) – Online.
8. AzhaguJaisudhan Pazhani and Vinodh Kumar A, “AI-based ULP Microprocessors and Microcontrollers” SPAIoT-2021 (Self-Powered AIoT Systems, Taylor & Francis Publication) – Online.
9. Leelavathy K.R., Nageshwaran V, Venkatalakshmi K, Ragavan K, **Intelligent Transport of E-Waste: A Case Study in Indian Context** (2022), *Current Advances in Civil Engineering Research*, Integrated Publications, pp 99-117
